

• Go Ahead...Get Dirty.

Greasy, sticky, nasty, grimy and gross? No problem. When it comes to getting clean, ProSoap doesn't mess around. It's tough on dirt but easy on skin because unlike other heavy-duty hand cleaners, ProSoap contains no acidic or alkaline ingredients. A little goes a long way, so you get more washes for your money and a gentle, safe cleaner that won't harm your skin. Finally, a hand cleaner that works as hard as you do.

- Better cleaning
- “Scrubability” of a gritty soap, but with ingredients that don't harm your skin
- “Softer than your skin” – and won't harm jewelry
- 17 interactive ingredients handle a diverse range of applications
- Competition has fewer ingredients – so some dirt won't come clean
- Gentler - heals hands and leaves them soft and refreshed
- Safer - no pumice build-up in pipes!
- Better value – highly concentrated, and outlasts others 3-to-1
- Unconditionally guaranteed to work

We want to be your hand cleaner supplier!
