

Easy® Glow

Your nights just got brighter with Easy® Glow HTV!

Easy Glow offers vibrant neon colors that are sure to stand out in the daytime. But when the lights go out, that's when this material really shines!

Just like our EasyWeed® Glow material, *Easy Glow* "charges" by absorbing light over time. Then when everything goes dark, *Easy Glow* gives off a radiant appearance!

Easy Glow is a cold/warm peel product and is not recommended for layering.

Easy Glow is also CPSIA certified and safe for children's clothing.
