

SAFETY DATA SHEET: ISSUED 01/31/2018

SECTION 1 – IDENTIFICATION

Product Identification: StarVue

SECTION 2 – HAZARD IDENTIFICATION

GHS Classification: None

SECTION 3 – COMPOSITION/INFORMATION ON INGREDIENTS

Hazardous Components: OSHA Hazard Communication Standard requirements for Safety Data Sheets do not apply to the product described here. This product is excluded as an article.

SECTION 4 – FIRST AID MEASURES

- **Inhalation:** These products are a solid and are not likely to be inhaled. If exposed to fumes from overheating or combustion, remove to fresh air. Call a physician if necessary.
- **Eye Contact:** Not likely to cause a hazard in normal use. If dust from product enters eyes, flush with water for at least 20 minutes.
- **Skin Contact:** The product is not likely to be hazardous by skin contact. If irritation develops, wash affected areas with soap and water.
- **Ingestion:** Not a hazard in normal use. If ingested, contact a physician.

SECTION 5 – FIRE FIGHTING MEASURES

- **Suitable Extinguishing Media:** Water, foam, dry chemical, CO₂.
- **Unsuitable Extinguishing Media:** None.
- **Fire Fighting Procedure:** Keep personnel removed and upwind of fire. Firefighters should be equipped with self-contained breathing apparatus to protect against potentially toxic and/or irritating fumes.
- **Hazardous Decomposition Products:** Carbon dioxide and carbon monoxide.
- **Unusual Fire/Explosion Hazards:** These products can be combustible by remaining in contact with flame. If flame source is stationary, these products will shrink away from flame and self-extinguish. If product remains in contact with flame, they can burn slowly and drip flaming plastic that can spread the fire. During processing, product can pick up static charge. Avoid discharge into dust or solvent-laden air.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Review fire/explosion hazards before proceeding with clean-up. Use appropriate personal protection equipment during clean-up.

SECTION 7 – HANDLING AND STORAGE

- **Handling:** Rolls of product may telescope. Use caution when handling. Do not breathe vapors or fumes that may escape from product during processing. Plastic packaging may contain a static charge. Products rolls should be opened away from possible ignition sources such as solvent-laden air.
- **Storage Conditions:** Store away from heat and sources of ignition. Do not store in direct sunlight. Recommended Storage Temperature: 70F +/- 20F. 50% relative humidity +/- 20%.

SECTION 8 – EXPOSURE CONTROLS/PERSONAL PROTECTION

- **Exposure Limits:** No known ACGIH, TLV, OSHA, PEL or supplier recommended occupational exposure above established limits.
- **Industrial Hygiene/Ventilation Measures:** Provide general room exhaust ventilation. No respiratory protection is necessary except where overheating can occur during processing. Use self-contained breathing apparatus, adequate ventilation, and/or engineering controls in high-temperature processing to prevent exposure to vapors.
- **Eye Protection:** Wear safety glasses when handling/processing this product.
- **Skin Protection:** Special protective clothing is not necessary when handling or processing this product.
- **Respiratory Protection:** No personal respiratory equipment is necessary for normal use. In case of hazardous vapors/fumes use self-contained breathing apparatus.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

- **Physical State:** Perforated
- **Appearance:** Roll
- **Color:** White face, black back with clear adhesive & white paper liner
- **Odor:** Chemical odor – little to none
- **PH:** No data available
- **Melting Point:** Above 300°F
- **Evaporation Rate:** None
- **Flammability:** Will burn when in contact with flame. Will continue to burn when exposed to continuous flame source.
- **Solubility in Water:** Insoluble Partition Coefficient:
- **Viscosity:** Solid

SECTION 10 – STABILITY AND REACTIVITY

- **Hazardous Reactions:** Polymerization does not occur.
- **Stability:** Product is stable under normal ambient temperatures and conditions.
- **Conditions to Avoid:** Excessive heat, flame, and sparks
- **Hazardous Decomposition Products:** Carbon dioxide, carbon monoxide

SECTION 11 – TOXICOLOGICAL INFORMATION

- **Likely routes of exposure:** Skin contact and/or inhalation
- **Health Effects and Symptoms:** None
- **Toxicity Data:** None

SECTION 12 – ECOLOGICAL INFORMATION

Ecotoxicology Assessment: This product is not considered to be persistent, bio accumulating, or toxic.

SECTION 13 – DISPOSAL CONSIDERATIONS

Waste Disposal Method: Waste disposal should be in accordance with all existing federal, state, and local environmental regulations.

SECTION 14 – TRANSPORTATION INFORMATION

- **Land Transport:** Not considered dangerous goods.
- **Sea Transport (IMDG):** Non-regulated.

SECTION 15 – REGULATORY INFORMATION

TSCA Inventory Status: Product is an article as defined and not subject to TSCA inventory requirements.
PROP 65 – This product contains DINP, a phthalate listed as a substance of concern.

SECTION 16 – OTHER INFORMATION

HMIS Ratings:

- Health: 0
- Flammability: 1
- Reactivity: 0

The information provided in this Safety Data Sheet pertains to the products supplied by StarVue. The descriptions, data, and information herein are believed to be accurate. It is provided for guidance only and is not considered a warranty or specification. The above information relates to the specific product designated and may not be valid if product is used in combination with other materials, processes, or if the product is altered. This SDS is subject to revision as additional knowledge is acquired.
