

# ALIGNMENT SOLUTIONS WITH CLEAR APPLICATION GRID

## TransferRite® **ULTRA**®

### 1310 GRID

TransferRite Ultra 1310 Clear is available with the convenience of a 1" preprinted grid pattern. 1310 Grid is especially helpful as an alignment assistant, and can also be used as a measuring tool on a vehicle when designing wraps. 1310 is perfect for multi-color overlays requiring precise registration on both cast & calendered film.

### 1310 GRID

- Medium tack
- High clarity
- Adhesion to liner
- No measuring
- Available in 6", 8", 12", 16", 24", and 48" widths
